Let the RE Suit Your Style

Do more than just write

Ewrite 6 is a whiteboard unlike any other. It lets you use different media like PDFs & images with interactive tools & templates that make teaching more convenient & classes more fun. Everything you need is on the board.

Use what's familiar to you

Whether you're used to teaching from your laptop or loading lessons from your cloud account or Google Classroom, the ALTOP A PRO allows you to use either methods via its multiple I/O ports & integration to cloud platforms.

Bridge the distance

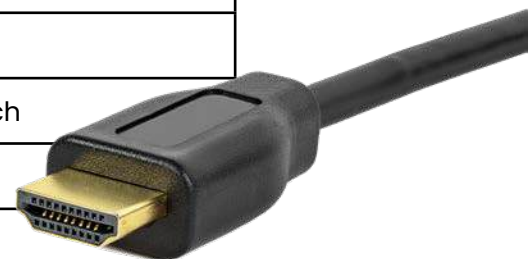

Video conferencing and cloud whiteboarding turn the ALTOP A PRO into a highly interactive hybrid learning hub. Teachers can host classes in school while home-based students or even guest lecturers can join remotely from anywhere.

Get students on board

Open the floor for sharing with E-share 2. Students can cast their laptop or tablet screens via Miracast, Airplay, or the InstaShare app or button, allowing everyone to present their work and exchange ideas from their seats.
