In $\triangle ABC$, ray BD bisects $\angle ABC$, $A-D-C$, side $DE \parallel$ side BC , $A-E-B$ then prove that $\frac{AB}{BC} = \frac{AE}{EB}$.

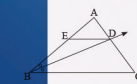

Proof: In $\triangle ABC$, ray BD bisects $\angle B$.

$$\therefore \frac{AB}{BC} = \frac{AD}{DC} \quad \dots \text{(I)} \quad \dots \text{(Angle bisector theorem)}$$

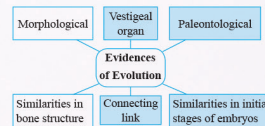

In $\triangle ABC$, $DE \parallel BC$

$$\therefore \frac{AE}{EB} = \frac{AD}{DC} \quad \dots \text{(II)} \quad \dots \text{(Basic proportionality theorem)}$$

$$\therefore \frac{AB}{BC} = \frac{AE}{EB} \quad \dots \text{[From (I) and (II)]}$$

Ans.

ii.

[March 2019, Aug 2022]

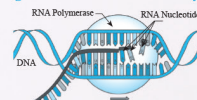

(6) What do these figures depict?

i.

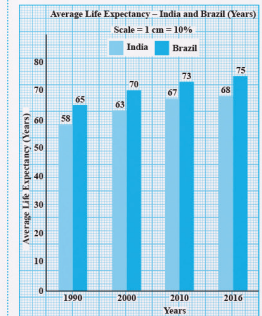

Ans. These figure depict vestigial organ in humans – ear muscles which prove the theory of evolution.

ii. Which process is shown in the following diagram? [QB 2021]

Ans. Transcription

Ans.

(1) What was the average life expectancy in India in 2010?

Ans. In 2010, the average life expectancy in India was 67 years.

(2) In which decade is the increase in life expectancy of both the countries same?

Ans. During 1990–2000, the increase in life expectancy of both the countries is same.

(3) What conclusions can you draw after reading the graph of life expectancy in both countries?

Ans.

(a) The graph indicates that Brazil's life expectancy has been more than India's from 1990 to 2016.

(b) Major causes of increasing life expectancy in both the countries are improvement in medical facilities and sanitation, access to nutritious food and better standard of living.

Our Offerings

IT IS

The perfect hybrid model to enhance the learning outcome of each & every student in your Coaching Class.

IT ADDRESSES

The constant concern in effective learning that counters the decreased attention span post Covid.

IT CONSISTS OF

Comprehensive study structure based on scientific study pattern that includes 4 Rs

- Recap
- Recapitulation
- Reinforcement
- Remediation

TEN
Tech Enabled Notes

Our Niche

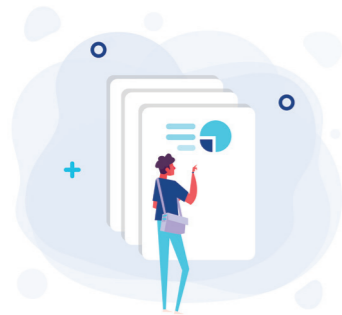

Integrated White-labelled App

- 100 % White Labelled App in both IOS & Android versions.
- A digital presence at a pocket friendly price.
- The content on the App is completely in sync with the notes.
- App & Notes designed for heterogeneous audience profile.
- Option to customise it as per your need.

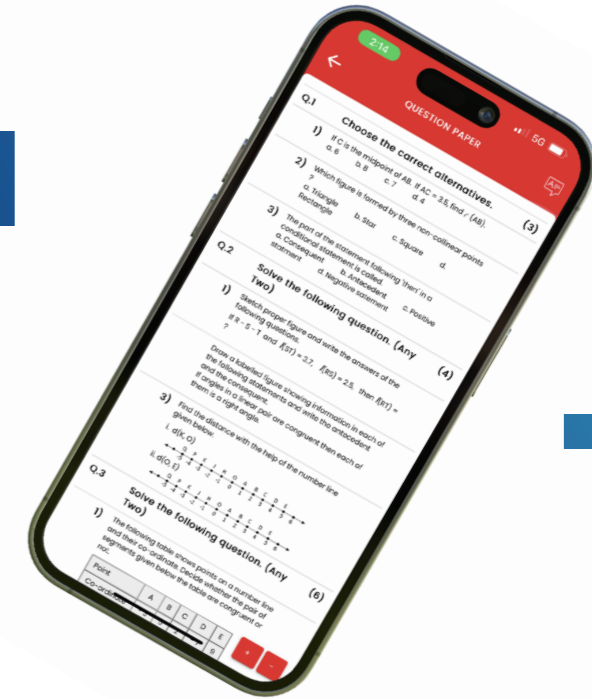

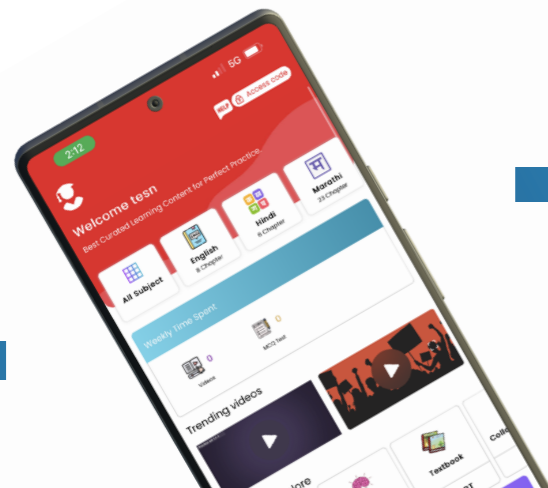

E-Content On Every Chapter

- A big help in Recapitulation
- 3500+ videos of 3 to 9 minutes
- Counters Absenteeism & offers the best Recapitulation to students.
- Gives them a detailed doubt clearing session even at the 11th hour.
- Option to enable & disable your videos / our videos at no cost.

E notes in the form of Flip Book

- An interactive & interesting experience.
- Helps students to quickly recall important points.
- Students can easily go through the main points anytime, anywhere.
- Mark & highlight important points & revise them later.

MCQs

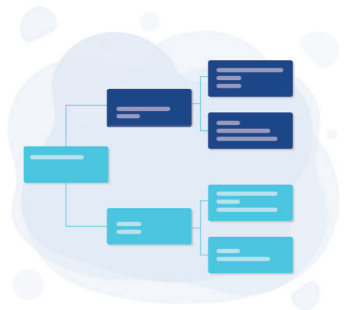

- Apt for Recall
- 10 to 15 MCQs curated on every page.
- Helps to recall the topics taught in the classroom.
- 15000 + MCQs as per Blooms taxonomy.
- Helps students to gain confidence in their phobia subjects.
- Empowers students to score 100% in almost 40% of paper.

Practice Papers With Model Answers

- The best remediation method
- Brings the best balance between your limitations & parents' expectations.
- Offers personalised remediation as per the student's calibre.
- Assess & assign additional practice papers to students as per their performance.
- Empowers students to take unlimited tests to practice & score more.
- Focused on self-assessment of students & building up their confidence.

Summary & Mind Maps For All Chapters

Helps in Reinforcement

- Mind maps of important formulas, chemical reactions, flow of the chapter dates and events. Reinforces the entire chapter in quick time.
- This reinforcement helps in better recall while writing the paper.

Most Likely Questions For Upcoming Board Exams (Sure Shot Series)

- Prepared by expert teachers.
- Additional practice for good students, a support system for weaker.
- A gesture of special attention as students completely rely on you for everything.

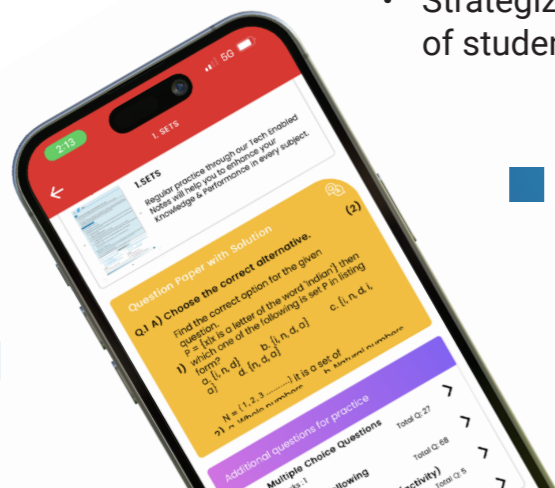

Personalised Dashboard with Progress Report

Monitor Performance and activity of every child

- Monitor day to day and overall performance of every student.
- Comes with a Parents App.
- Add your own data, enable & disable any feature for a particular time.

Empowers you to

- Restrict the number of views on videos for every student.
- Enable or disable students from watching videos.
- Strategize the constructive use of students' screen time.

Testimonials

I always had a concern with students being absent and missing out on important topics. This App is extremely useful in countering absenteeism. Students can Recap what they have missed and go through important topics even at the 11th hour.

K. Raj Shetty Sir
Nayak Tutorials
Thane

Not just my students but even their parents are happy with this App. It offers Remedial measures like extensive practice papers for students to improve their weak areas. The large number of MCQs are also helpful in giving a regular Recall to the students.

Vijay Gupta Sir
Vijay Tutorials
Goregaon

This App has definitely enhanced the learning of my students. Also through the dashboard I can see their whole activity and it is satisfying to see that they are using their screen time in something constructive.

Shahrukh Khan Sir
